

The President talks about putting the country first, but this healthcare bill does no such thing. American people deserve better. Together we will fight back and build stronger neighbors block by block.

ALZHEIMER'S & BRAIN AWARENESS MONTH

(Mr. YODER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YODER. Mr. Speaker, I rise today to recognize the month of June as Alzheimer's & Brain Awareness Month and to highlight the need for continued investment, innovation, research, and lifesaving cures for diseases like Alzheimer's that affect every family and every neighborhood in America.

Right now, more than 5 million Americans are living with this terrible disease, with someone new developing symptoms every 66 seconds. Studies have shown that number could rise as high as 16 million people by 2020.

This year, the cost of treating Alzheimer's and other dementias will cost Americans nearly \$260 billion. By 2050, estimates are that those costs will rise to more than \$1.1 trillion. To put that in perspective, as a nation, we are only spending slightly more than \$30 billion, total, in researching cures for not only Alzheimer's, but cancer, heart disease, Parkinson's, diabetes—literally, all other diseases combined.

So this month serves not only to raise awareness about Alzheimer's, but also for us to renew our commitment to research. Mr. Speaker, we must find a cure for the millions of Americans struggling with Alzheimer's, and it is up to us to provide the resources to do it.

STATEHOOD FOR PUERTO RICO

(Mrs. MURPHY of Florida asked and was given permission to address the House for 1 minute.)

Mrs. MURPHY of Florida. Mr. Speaker, 10 days ago, Puerto Rico held a vote on its future political status. Although the ballot was not preapproved by the U.S. Department of Justice as envisioned by a 2014 Federal law, the ballot was fair. It included Puerto Rico's three valid options: statehood, nationhood, and the current territory status. Each option was accurately described.

In our democracy, only those who cast ballots are counted, and those who voted in Puerto Rico overwhelmingly chose statehood. It is now up to Puerto Rico's elected officials, especially its Governor and Delegate in Congress, to determine how best to move forward. They can count on my full support.

As I see it, in the wake of this vote, the question is not whether but, rather, when Puerto Rico will become a State. After 119 years, it is well past time for the U.S. citizens living in Puerto Rico to have the same rights and responsibilities as their fellow citizens living in Florida and in other States.

Puerto Rico has made countless contributions to this Nation for generations. It has earned its own star on the American flag.

CONGRATULATING CARLY CLAUCHERTY

(Mr. WALBERG asked and was given permission to address the House for 1 minute.)

Mr. WALBERG. Mr. Speaker, I rise today to recognize Carly Claucherty for being named a Presidential Scholar in Career and Technical Education.

Carly recently graduated from Springport High School and was nominated for her outstanding work in their CTE agriscience program. She is one of just 20 students from around the country to receive this distinguished award.

In high school, Carly was active in Springport's Future Farmers of America chapter, served as president of the National Honor Society, and was involved in student council. This fall, Carly will be attending Michigan State University, where she tentatively plans to study crop and soil sciences.

Carly's selection as a CTE Presidential Scholar puts her in an elite group, but I suspect it is just a starting point for many more exceptional things to come.

Mr. Speaker, career and technical education provides valuable hands-on experience, and this week we will be voting for strengthening these important programs to help more students find their sweet spot, just like Carly did.

HONORING NAVY SEAMAN BOBBY TEMPLE

(Mr. BOST asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BOST. Mr. Speaker, I rise today to honor U.S. Navy Seaman Bobby Temple, a 19-year-old who died during the attack on Pearl Harbor in 1941. He was one of 400 sailors who lost their lives aboard the USS *Oklahoma* and whose remains were buried in a mass grave.

In 2015, the Navy started a project to identify each of the remains and bring closure to the families after 75 years. Bobby's bravery was honored during a memorial service in O'Fallon, Illinois, last week before his remains were laid to rest in the National Memorial Cemetery of the Pacific in Honolulu, Hawaii.

As a veteran myself, it is with heavy heart that I honor Bobby's heroic service and pray God's blessing for his peaceful rest.

REPUBLICAN HEALTHCARE BILL IS A DISASTER

(Mr. POLIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIS. Mr. Speaker, we hear the Senate is finally releasing a bill, a bill that would, sadly, take away healthcare from millions of Americans. Apparently, this bill will go straight to the Senate floor without a hearing, without a markup, without the opportunity for any public input.

This Republican healthcare bill is a disaster. It removes guarantees of coverage that the Affordable Care Act created, allowing States to determine health insurance options and discriminate against people with preexisting conditions.

Under the Republican plan to replace the Affordable Care Act, Colorado, alone, will lose billions of dollars of funding. Coloradans will no longer be covered by Medicaid, leaving many more people uninsured and a further burden on the rest of us, driving up our rates because we have to cover the uninsured. Even Colorado schools would be affected because many schools serve as Medicaid providers to students with disabilities, and they would lose that funding.

While the Affordable Care Act isn't perfect, I strongly oppose this Republican plan to take away insurance coverage and raise rates for Coloradans. Not only is the bill disastrous, the secretive process undermines the institution of Congress and the American people that have elected every Member of this body.

Mr. Speaker, I call on my colleagues to oppose the repeal of the Affordable Care Act.

SUPPORT DEFERMENT FOR ACTIVE CANCER TREATMENT ACT

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, Representative ED PERLMUTTER and I will be introducing the Deferment for Active Cancer Treatment Act.

In 2017, more than 1.6 million Americans will be diagnosed with cancer, and many of them are currently repaying their student loans. For these individuals, a cancer diagnosis goes beyond the exhaustive treatment and increased medical expenditures and often leads to unemployment or underemployment. As a response to this growing problem, I have introduced the Deferment for Active Cancer Treatment Act.

This commonsense bill will enable cancer patients to defer payments on their public student loans while actively receiving treatment without interest accruing during this difficult period, helping them, thusly, to avoid defaults. This measure will also help lenders by empowering borrowers to continue repaying their public loans after their treatment ends, leading to fewer defaults.

Mr. Speaker, I encourage my colleagues to join Mr. PERLMUTTER and me in standing with cancer patients

throughout our Nation and supporting the Deferment for Active Cancer Treatment Act.

DON'T DISMANTLE AFFORDABLE CARE ACT

(Mr. ESPAILLAT asked and was given permission to address the House for 1 minute.)

Mr. ESPAILLAT. Mr. Speaker, I rise today in support of the ACA and all it has done to protect the health of our country's young people.

As we gather today, everyone seems to be analyzing yesterday's elections results. Other folks have taken a deep dive to analyze whether or not Russia elected our President. And as all of this is happening, the Senate has been meeting in secrecy to dismantle the Affordable Care Act that, for millions of young people and millions of young Americans, has been a lifesaver. Since its enactment, the ACA has cut uninsured rates for Americans age 18 to 34 by more than 40 percent.

Guided by political expediency instead of principle, my Republican colleagues are jamming this bill through an approval process without hearings or input from healthcare professionals and with no regard to millions of Americans whose lives will be affected by it. This is a shocking breach of our constituents' trust.

The ACA lifted a heavy burden off the shoulders of millions of Americans, and now is not the time to kick these individuals to the curb. We are better than that, America.

COMMEMORATING AMERICAN EAGLE DAY

(Mr. ROE of Tennessee asked and was given permission to address the House for 1 minute.)

Mr. ROE of Tennessee. Mr. Speaker, I am proud once again to rise and join in commemorating June 20, 2017, as American Eagle Day and to celebrate the recovery and restoration of the bald eagle, the national symbol of the United States.

On June 20, 1782, the eagle was designated as the national symbol of the U.S. by the Founding Fathers at the Second Continental Congress. The bald eagle is the central image of the Great Seal of the United States and is displayed in the official seal of many branches and departments of the Federal Government.

The bald eagle is an inspiring symbol of freedom and the democracy of the United States. Since the founding of the Nation, the image, meaning, and symbolism of the eagle have played a significant role in art, music, history, commerce, literature, architecture, and culture of the United States.

The bald eagle's habitat exists only in North America. I hope my colleagues will join me in celebrating June 20, 2017, as American Eagle Day, which marks the recovery and restoration of the bald eagle.

Mr. NEWHOUSE. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Colorado (Mr. POLIS), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

GENERAL LEAVE

Mr. NEWHOUSE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Washington?

There was no objection.

Mr. NEWHOUSE. Mr. Speaker, before I begin the rule on the two measures that are before us today, let me just make a couple of comments that have come to mind in light of the events over the last week.

Mr. Speaker, you may know that this is the first formal debate that we have had as a legislative body since last Wednesday morning's shooting. I think
